

THE RESCU FOUNDATION

is a nationally recognized 501(c)(3) non-profit organization established to promote and maintain **the health and medical well-being** of the participants of renaissance faires, historical performances and other artistic events through financial assistance, advocacy, education and preventative programs.

Founded in 2003 by veteran renaissance festival participants, the RESCU Foundation has, to date, served more than **800** individuals. RESCU's Advocacy and Mentoring Programs have disbursed over **\$450,000** in medical aid and nearly **\$3 million** in medical bill abatement through hospital financial assistance, prescription assistance and other programs, to recipients in the festival participant community. Moreover, RESCU follows the Health Insurance Portability and Accountability Act (HIPAA) guidelines for client privacy, and acts quickly to treat each festival participant with compassion and understanding.
